

  
Slow Food®Nablus

Nablu, 26 October 2014

Dear Manuela and all the artists that have contributed to CAKE,

On behalf of Bait al Karama Women Center of Nablu,  
I wish to thank you for the immense generosity in sharing your work in support  
of our Center.

Bait al Karama is at its third year of existence and represent the only Women  
Center in the old city of Nablu, the only social environment devoted to women  
and allowing them to gather and socialize.

As you may know we follow the model of a social enterprise, evolve around our  
kitchen. We offer cooking classes, where local women introduce our guests to the  
traditional Palestinian cuisine, we offer lunches and caterings and a culinary tour  
in the market of the Old City of Nablu. At present we employ 5 women full time  
and 20 part times, and we have a weekly turn over of 50 women attending our  
social and educational activities.

Though the local community is strongly engaged and many are volunteering with  
us, we are constantly facing economical struggles, especially in the light of the  
increasing tension in the Region. Therefor your contribution comes as a great  
support for us.

The royalties of CAKE have been used for the design and production of  
communication material in Arabic and English, such as brochures; food products  
for marketing purposes (pickles, spices, soaps etc); to cover part of the costs for  
our participation at Terramadre-Salone del Gusto 2014.

We thank you and deeply appreciate your support,

Best wishes from Old City Nablu  
Bait al Karama
